Closeclose Export to Citation Manager (RIS) Back to item The Glencoe High School Math Series, including Algebra 1, Geometry, Algebra 2, and Precalculus, includes everything you need to guide students with materials that lead them to success in the classroom, and creates confidence in their future.As your partner, we provide diverse resources focused on the Standards for Mathematical Practices combined with Standards-aligned content that empowers teachers to prepare every student for success in math inside and outside the classroom. This rigorous program utilizes the lessons, resources, and assessments to emphasize conceptual understanding for encouraging critical thinking.Adaptive and Personalized InstructionPersonalized study resources include LearnSmart®, which uses adaptive review technology-enhanced questions to measure student accuracy, number of attempts, time spent, requests for help, and confidence level to predict what course topics a student is most likely to forget. LearnSmart revisits those topics using engaging resources to build retention for the End-of-Course Test.Combine this core program with ALEKS® to achieve each student's individual learning needs effectively and more efficiently. ALEKS, an innovative and adaptive solution, combined with the program's built-in leveled exercise sets, customizable worksheets, and McGraw-Hill eAssessment, gives the teacher the tools to differentiate and personalize instruction easily. The textbook is aligned to the Common Core Curriculum with chapters covering all standards. These include linear equations, functions and inequalities, systems of linear equations and inequalities, exponents and exponential functions, quadratic expressions and equations, radical and rational functions, and statistics and probability. With Mathleaks, every student can access educational solutions to all exercises in Glencoe - Algebra 1. Each textbook solution also includes a hint and an answer which encourages students to try for themselves before reading the solution. Mathleaks is similar to hiring a private tutor with the additional benefit of being affordable and always available. All of our textbook solutions have been authored and proofread by math teachers and helps every student to understand the material and not just memorize it. This is a different approach to, say, using an online graphing calculator, a math calculator, or a math solver as learning is at the core of Mathleaks. By using Mathleaks, families will have access to an affordable digital private teacher in math that is always available to help out when a student gets stuck on their homework.
